PROFESSIONAL SUMMARY

Graphic Designer with experience creating client-facing business presentations, proposal decks, branded PowerPoint templates, infographics, visual diagrams, mailers, and other corporate communication materials. Skilled at translating complex business and technical information into clear, engaging visual stories while maintaining client brand guidelines and presentation quality. Experienced in collaborating with presales and cross-functional teams, managing multiple design requests, and delivering polished visuals within tight deadlines. Also brings a foundation in UI/UX design and AI-assisted creative workflows.

CORE SKILLS

Presentation & Graphic Design: PowerPoint slide design, proposal decks, capability and POV decks, presentation templates, Slide Masters, infographics, visual storytelling, layout design, brand consistency

Visual Communication: Architecture diagrams, process flows, information hierarchy, data visualization, corporate mailers, newsletters, posters, Word template design, animation and transitions

Design Software: Adobe Illustrator, Adobe Photoshop, Figma, Adobe Express, Canva, Microsoft PowerPoint

AI & Productivity Tools: Adobe Firefly, ChatGPT, Claude, Gamma AI, Lovable AI, Supademo; AI-assisted creative workflows and prompt engineering

Additional Design Skills: UI/UX design, wireframing, prototyping, user research, usability testing, design thinking

PROFESSIONAL EXPERIENCE

Graphic Designer - Presales Team | Feb 2025 - Present

Indium Software, Chennai

- Design executive presentations, client proposal decks, capability and point-of-view (POV) decks, and other presales materials that communicate complex business and technical concepts clearly.
- Create branded PowerPoint templates, Slide Masters, custom layouts, and presentation systems aligned with client brand standards and business requirements.
- Develop infographics, process flows, architecture diagrams, and visual storytelling layouts to make complex information easier to understand.
- Design client-specific templates and visual assets from concept to completion, using Adobe Illustrator and AI-assisted image workflows where appropriate.
- Support client decks, newsletters, mailers, posters, and Word documents while maintaining consistency across corporate communication materials.
- Create presentation animations and transitions and support interactive product demonstrations.

UI/UX Designer | Aug 2024 - Jan 2025

The Berkshire International, Chennai

- Designed web and mobile interfaces aligned with user needs, product goals, and business requirements.
- Created wireframes, user flows, and interactive prototypes to communicate and validate design concepts.
- Collaborated with developers and stakeholders to refine usability, maintain consistency, and improve the user experience.

UI/UX Design Intern | Jun 2024 - Aug 2024

Rakamura IT Solution, Chennai

- Supported interface design through wireframes, prototypes, and visual mockups.
- Contributed to user research, usability testing, and iterative design improvements in collaboration with senior designers.
